

My name is Tom McClard. My wife and I reside at 1775 Lakeshore. "WE LOVE THE LAKE". We are members in good standing. We are active contributors to the Booster Club and are "members at large" on committees.

I understand the challenges of owning property in a nearly 60-year old private community. We have a deteriorating Infrastructure, the roads, a bridge, and the primary attraction, our lake. Without continued improvements to these, while minding an equitable budget, our property values will plummet.

I believe that my extensive business experience, integrity and honesty can benefit our community as a board member.
