

## **Greg Rivera**

### **Narrative:**

I retired from American Airlines after 32 years. I managed the maintenance of all ground vehicles and building systems for the company at Lambert. As luck would have it, ended up with a part time job at Lakeshore Marina. I have been blessed to meet many of you. I am running for the Board of Directors to enable me to use my expertise to make this community which I love a better place for all. This community is in my mind, the perfect place. Friendly neighbors and a beautiful lake
